WHERE TECHNOLOGY MEETS AESTHETICS

Welcome to Ocean Cosmetics. A boutique cosmetic and aesthetic hub in Wembley Downs, Perth. Founded by Dr Gina and Dr Jessica, we've spent years searching the world, staying on the forefront of technology and techniques, to bring you the very best in innovative cosmetic treatments.

Why have we done this? Not only because we love new tech, but because it's our mission to create a welcoming space where we listen to our clients' needs and use our experience and superior knowledge and technology to provide them with results that build their confidence.

Our team consists of qualified cosmetic doctors, cosmetic nurses and therapists. We would love to work with you and your skin to design a rejuvenation program to suit your individual lifestyle and health objectives.

Our expansive treatment range enables us to fit the perfect treatment to you, rather than the other way around. Whether you're wanting to treat pigmentation, acne, fine lines and wrinkles, urinary incontinence or you just want an overall refresh, we'll tailor a treatment plan to you.

We're a doctor led, client focused clinic dedicated to providing you with natural results so you can love the skin you're in.
